Read on for the latest ALERT from The Option Professor...

**OptionProfessor Alert:
Want Some ACCURATE Forecasting?**

Hello Everyone- Many of you have told us how much you appreciate "OUR STUFF" which includes INSIGHTS & DATA into stocks, interest rates, the Dollar, Oil, Gold, Ags & Crypto. Many of you have received PDF Reports on Protecting Portfolios Against Market DECLINES (very important this year) and Upside SURPRISES (very important lately) PLUS Our BEST Technical Indicators (Used to Determine Market Direction) PLUS a 1 on 1 hour REVIEW of Your Markets & Tactics.

We do not do this for free. We have a One-Time charge of \$99. We feel we ADD VALUE far beyond this modest amount.

If you like "OUR STUFF" email your phone contact # to optionprofessor@gmail.com or call 702-873-8038. Thank You.

Hello Everyone! We're back after a great holiday in Central & South America-Viva La Salsa!

As we said before we left; we believe that going with the Fed ALL YEAR LONG has been the way to go which means we get big rallies (March-May-August) that should be FADED (we gave you Fibonacci # and M/A-Technical SELL zones). We also get ONGOING Declines where the VIX jumps into the 30's & it is a BUY zone for another BOUNCE. Very ACCURATE!

We about SWITCHES in our GROWTH versus VALUE Ratio (which essentially means TECH vs STAPLES-UTILS-DIVIDENDS.)

The FIRST Switch was in NOV 2021 (Fed hike start) when the RATIO said Out of TECH and into VALUE. The next SECOND Switch was MAY 2022 when the SWITCH was back into TECH and out of VALUE. The LAST SWITCH we told you just happened in AUGUST 2022 (last month) OUT of TECH and into VALUE. Did you notice XLP XLU vs QQQ IWM lately????

We SAID to keep your DURATION very short on FIXED INCOME as RATES would rise SUBSTANTIALLY (Summers-Dudley)

Simply ladder Treasuries very short term & get a pay raise every time you roll. We have NO IDEA how high rates will go.

We SAID Crude Oil & Nat Gas were way OVERBOUGHT basis their MA's and energy stocks (Devon at 80) were overdone

We SAID to AVOID Gold unless we can get prices ABOVE \$1850-\$1900 as the DOLLAR is KING (our yields/economy rule)

We SAID the Fed Wants & Needs to create DEMAND destruction which means LOWER Earnings & HIGHER Job Losses.

LOOK AROUND- Do you see BIG job losses-earnings hits-real estate hits-consumer spending hits? Neither do we so.....

There is MORE TO COME for the Fed to meet its MANDATE But we do have END of Q3 positioning-EARNINGS Ahead!

RIGHT NOW! You should go to OUR FREE WEBINAR-THURSDAY and We will DISCUSS Our FORECASTS for Q4 and 2023!!

It's Easy to Register- EMAIL Us Your Contact Email/Phone to optionprofessor@gmail.com or CALL Us 702-873-8038
