12/09/22 - Stocks-Is Santa Coming by Wed.?**

The stock market backed off just as we indicated off SPX 4100 area and had held support at SPX 3900 area. We said a close under SPX 3850 and then 3800 could confirm test/take out of lows BUT closes ABOVE SPX 3985/4015—we're off! PPI Friday...the CPI Tuesday...the Fed Hike /Statement Wed/Santa peek SPX held 3900 & ABOVE 4015...Hello St Nick:):):
Expectations for CPI is drop to 7.3% from 7.7%...a 6% + & Dovish Fed Statement...Wall St sucks in capital thru Jan Effect.

True; but we already knew durable goods had a pull forward and inventories have been huge due to double ordering so of course you wouldn't manufacture or order more. Retail Sales & Services spending is UP as the consumer has room to leverage themselves (some store credit cards OVER 30% interest!) Who collects? Rocky Balboa:)
