Hi Jim,

I think the 1 hour meeting was great, it was informative and I think it would help those that are interested in a system

that is relative easy to follow and enable one to make money on small swings in the market using options.

Thank You,

Randy B.

Get to know option professor on one of online webinar as a speaker, and was impressed by his concise way explaining of market movement. During educational hour with him got clear understanding how to use different MA and RSI, as a main tools to catch a movement in right direction. Definitely recommend to receive education from him

**OptionProfessor Alert:
Great Forecasts-Stocks-Bonds-Gold Falls-Oil Up!**

SPECIAL OFFER- After reading the Quick Alert; we ask that you take advantage of a very special limited time offer.

We are very proud of our forecasts for Stocks-Bonds-Gold as we have repeatedly said the HIGHER INTEREST RATES ARE GRAVITY TO ASSET PRICES. You can throw real estate into that mix as we said the repricing of real estate for the DOUBLE in mortgage rates has begun (13% drop in sales and Case Schiller Index declining). In stocks, the valuations are contracting, and Gold is melting with yields & Oil has been rising. Short term, of course we are getting either oversold or preparing to dive into the abyss. The SEASON we spoke of in August is here right now.

Q3 ends this week with PCE on Friday. Durable goods came in up and beat expectations. Energy prices rising could bleed into core (cost push inflation) which supports higher rates. Right Now, you got a great opportunity to catch falling knives. Good Luck with that one. Will there be a magical turn around as Q3 EARNINGS comes out? Maybe. We will monitor for a that with OUR use of RSI Moving Averages & Reversion to Mean

Many of you have told me that you rode the rally and now are holding thru this decline. Not Good. Many of you have told me the services you have paid for have failed to deliver and overcharged. Not Good. Many of you are disgusted and distrustful of all. Understandable-Not Good.

We feel like a chef who has a menu to help diners BUT everyone has gotten food poisoning (losing) elsewhere & now hesitant to do anything

OUR REMEDY. We have PDF Option Trading Reports/OUR best stocks by sector. We have a LINK we use to RSI, Moving Averages, Reversion. SPECIAL OFFER- At our discretion, we will send YOU PDF's & a LINK to OUR Indicators. You GET an ONLINE SESSION explaining how we use the indicators for entry & exit points AND how we use WEEKLY options. AFTER you get it all , you decide if you have received value and if so, pay.

WHY would anyone give all this upfront BEFORE getting any pay? Obviously, we know we provide value and we believe people are honest. We have Traded THOUSANDS of options contracts and MILLIONS of dollars worth of stock. We think we can help. We REVIEW your markets. RECENTLY, many traders and investors have told us that the LOSSES they had could avoided had they had our indicators BEFOREHAND

We know many of you have seen your account values decline. Many of have money in cash. Where to now Stocks-Energy-Rates-Gold? EMAIL US your contact information at optionprofessor@gmail.com. We'll check back/explain what you get and reserve a time to do it.

We told all our readers in AUGUST before we went to Europe that SEPTEMBER/OCT was the ZONE. Email us today & LEARN today.

Looking forward to sharing our knowledge and experience to help you.
