The following testimonials have been received for the one-hour coaching session with The Option Professor, CALL 702-873-8038 to get started.

"In a world of countless analysts, Option Professor stands out. His sense of perspective on all markets and sectors elucidates the big picture, as well as the shorter term. His observations have been remarkably prescient. He is a true, selfless teacher, being highly accessible and incredibly generous with his time. I regret that I did not find this class-act earlier."

-Dr. George Fee

I think the 1 hour meeting was great, it was informative and I think it would help those that are interested in a system

that is relative easy to follow and enable one to make money on small swings in the market using options.

*Thank You,
Randy B.*

Get to know option professor on one of online webinar as a speaker, and was impressed by his concise way explaining of market movement. During educational hour with him got clear understanding how to use different MA and RSI, as a main tools to catch a movement in right direction. Definitely recommend to receive education from him

Oleg B.

OptionProfessor Alert:
11/16/23 - Big Rally! Now What? Stocks-Oil-Gold-Rates Dollar

OPINIONS & OBSERVATIONS

We remind you that we nailed the LOWS near SPX 4100 and have rallied about 400 points! OUR indicators worked like a charm.

We remind you that we said that oil inventories were high and FAILURE to stay ABOVE 80 may put us back in the soup. Today at 73+

We remind you we said that Gold had big support around 1930-1950 (it held) and ABOVE 1975-1980 +RSI monthly +60=acceleration

We remind you that we said the 10 yr. Treasury was OVERBOUGHT at 5%+ yield and a pull back to 4.5%-4.25% probable. It has done it.

We remind you that we said the US Dollar (DXY) had RESISTANCE 107-108 and if yields drop so will Dollar to 104-102. It has.

The markets gave a nice January effect rally so everyone will buy their presents (retail sales are UNDER the inflation rate=not good).

December may be a horse of a different color. Why? End of year loss harvesting. REVERSION to Mean. Set Up a great January Effect.

WE get our market direction signals from OUR indicators which are a cocktail of RSI-MA's-Reversion PLUS OUR interpretation of interaction

We are more than satisfied with the conclusions and that is why we are offering a SPECIAL OPPORTUNITY for you to LEARN how we work

Many of you have been overcharged and underdelivered and have convinced yourself that bad deals are the only deals out there. We Hear You

I have traded THOUSANDS of Options, MILLIONS in Stocks, EDUCATED Thousands of Investors Worldwide. We can help you help yourself.

At our discretion, I will EMAIL you a LINK to OUR Indicators AND a 1 Hour ONLINE Meeting to EXPLAIN and REVIEW Your Markets. Value ADDED There is NO COST and NO OBLIGATION. Should YOU decide it added value for you, we ask for a 1-time LOW fee. If Not, you pay NOTHING!

WHO WOULD LET YOU EAT THE MEAL UPFRONT and only pay if you liked it? We do. Go ask the guys you paid money to if they'd do the same???

We told you in AUGUST that Sept Oct was to be volatile and SPX 4100 area was the base. We are getting ready for 2024 and EOY right now. EMAIL US or go to optionprofessor.com. Submit contact information. I will call you back personally to send you the info/set up online meeting

With the holidays coming up, my schedule is reduced and filling up fast. EDUCATE yourself. WHY NOT? You pay NOTHING if you don't like it I feel a little like Santa:;) Whether your experienced (always can learn more) or relatively new to the markets; we believe we can ADD VALUE

Look forward to speaking with you
Thanks

Jim
