**The following testimonials have been received for the one-hour coaching session with The Option Professor, CALL 702-873-8038 to get started.**

---

*"In a world of countless analysts, Option Professor stands out. His sense of perspective on all markets and sectors elucidates the big picture, as well as the shorter term. His observations have been remarkably prescient. He is a true, selfless teacher, being highly accessible and incredibly generous with his time. I regret that I did not find this class-act earlier."*

*-Dr. George Fee*

---

*I think the 1 hour meeting was great, it was informative and I think it would help those that are interested in a system*

*that is relative easy to follow and enable one to make money on small swings in the market using options.*

*Thank You,  
Randy B.*

---

*Get to know option professor on one of online webinar as a speaker, and was impressed by his concise way explaining of market movement. During educational hour with him got clear understanding how to use different MA and RSI, as a main tools to catch a movement in right direction. Definitely recommend to receive education from him*

*Oleg B.*

**OptionProfessor Alert:  
03/14/23 - Will the VIX Spike-Markets Drop by April?**

**OPINIONS & OBSERVATIONS**

I have outlined the potential for a VIX spike between NOW and the End of April. I have also said I need more TREND evidence (moving averages) to confirm my forecast.

Let's start out with WHY may it happen?

The VIX has seen a SPIKE in March-April going back to 2017

The VIX hit a LOW in December at 11.81. Each month since had HIGHER lows.

My moving averages on the 1 year are rising to the UPSIDE.

The SMH (240) and QQQ (450) may have seen short term peaks (big weight on Indexes)

Fed Cuts DELAYED (10yr. @ 4.28%) as Economic and Inflation Numbers SURPRISE on the upside

POSITIONING and SENTIMENT are NOT ready for a REPRICING news maybe coming NEXT WEEK @ Fed Meeting

I told everyone the VIX had a GAP at 13.50 to be filled in a stock rally (filled today). The GAP at 13 still a rally risk but fading.

Do you want to know what MY timing indicators tell me? Do you want to know how we recognized Oil & Metals breakouts?

Do you want to REVIEW your ideas and LEARN how investors use options as PROTECTION or RISK MANAGEMENT tool?

Not to Boast....but I have traded thousands of options contracts and attended The Options Institute CBOE for Advanced Options Training

Do you think I can help you? I believe so.

Go to [optionprofessor.com](http://optionprofessor.com) OR email me at [optionprofessor@gmail.com](mailto:optionprofessor@gmail.com). You Get a LINK to my timing ideas & an ONLINE Learning with me.

STOP OVERPAYING for newsletters, chat rooms and Lousy services. It's time you LEARN in a clear way with explanations and insights of value

Timing is everything. Do it today. You're going to like the way it works! It's ABSOLUTELY FREE to check it out so it's a no brainer.

As you might guess, I have LIMITED TIME to do learning sessions with my own trading SO putting off contacting me makes little sense.

Thanks

Jim
