The following testimonials have been received for the one-hour coaching session with The Option Professor, CALL 702-873-8038 to get started.

"In a world of countless analysts, Option Professor stands out. His sense of perspective on all markets and sectors elucidates the big picture, as well as the shorter term. His observations have been remarkably prescient. He is a true, selfless teacher, being highly accessible and incredibly generous with his time. I regret that I did not find this class-act earlier."

-Dr. George Fee

I think the 1 hour meeting was great, it was informative and I think it would help those that are interested in a system

that is relative easy to follow and enable one to make money on small swings in the market using options.

*Thank You,
Randy B.*

Get to know option professor on one of online webinar as a speaker, and was impressed by his concise way explaining of market movement. OPINIONS & OBSERVATIONS

The Option Professor-Traded Thousands of Options & Millions in Stocks.
Trained at The Options Institute CBOE-Advanced Options

The Timing Indicators I use ROLLED OVER on the S&P 500 (SPX) around 5215, QQQ 442 so this SELL OFF is no surprise to me.
Other ROLL OVER levels were META at 500, MSFT-421, AMZN -181, AAPL 192
GOOG- not yet but watch 158-155 support if broken.

The point is that I have said for months that a SPIKE in the VIX would happen by April and a REVERSION to the MEAN was approaching

What could have been done? EXACTLY what I spoke of to protect values-such as Collars-Married Puts-Replacement Trades. Is it too late?

We have a WEBINAR TOMORROW! Go to timingresearch.com....get the knowledge we share with you & ask your questions and be PROACTIVE!

The Fed wants to cut rates. If we get a friendly PCE Friday and the markets have a FULL Reversion to 4600-4800. Rate CUTS by July back on?

Many markets have PEAKED and are correcting. The include NVDA GOLD SILVER OIL META MSFT AAPL AMZN JPM AMD TSLA LLY More++

I use my Timing Indicators to look for ENTRY levels. RIGHT NOW, AAPL is VERY Interesting to me & option tactics BEFORE Earnings Reports!

Not to boast but I have a lot of knowledge and experience to share. Many of you have gone off in 9 million directions. We should talk.

NEWER to the markets....Do you think I can help you? I believe so.
EXPERIENCED- Do you think you can learn from me? I believe so.
Go to--optionprofessor.com---submit contact info- and GET my Timing Indicators
and an ONLINE session with me 1on 1. You'll LEARN
