The following testimonials have been received for the one-hour coaching session with The Option Professor, CALL 702-873-8038 to get started.

"In a world of countless analysts, Option Professor stands out. His sense of perspective on all markets and sectors elucidates the big picture, as well as the shorter term. His observations have been remarkably prescient. He is a true, selfless teacher, being highly accessible and incredibly generous with his time. I regret that I did not find this class-act earlier."

-Dr. George Fee

I think the 1 hour meeting was great, it was informative and I think it would help those that are interested in a system

that is relative easy to follow and enable one to make money on small swings in the market using options.

Thank You,
Randy B.

OptionProfessor Alert:
06/12/25 - Stocks & Gold?? TOP Ideas?

Hello Everybody!

IMPORTANT- In my OPTIONS ALERTS SERVICE I discussed GOLD being in a tight window 2 weeks ago of $3295 and $3275 and expected a BIG BREAKOUT which we saw last week when prices ROSE over $100 bucks.:) Since then, we had REVERTED to SUPPORT at $3320-$3340 where prices held this week and today GOLD is UP $60+bucks! NOW BULLISH and REVERSE if closes UNDER $3300:)

OK Yesterday we got a China "Deal" an S&P 500 High at 6060, a QQQ High at 536 and LOWER closes on both and a Full Moon:):)
We also have a VIX that is RISING off the 16 area BUT still in BULL market ZONE of 15-20. My work does NOT have my averages pointing down yet so a full reversion toward the GAP on SPX 5700-5800 and QQQ 490-500 still seems premature BUT more deterioration in the next week would INCREASE the odds. SPX above 6040 and QQQ above 535 could ignite the rally to take out the highs=close no cigar:)

What SECTORS have I been keen on? Energy is #1 for cheap options in the last few weeks that have SPIKED in value and so far held:)
You should get the OPTIONS ALERTS SERVICE a try. Options Class Online-Weekly Options Ideas-Coaching-Instruction -Good Value!
